SKILLS

Frontend
React.js, Tailwind CSS, HTML5, CSS3

Languages
JavaScript, Java, C++

Backend
Node.js, Express.js, MongoDB

Concepts
REST APIs, Authentication, State Management

Tools
Git, GitHub, Postman, VS Code

LANGUAGES

English   Hindi

CERTIFICATES

- Web Development Course(MERN Stack)
- React js (45 days training)
- Power BI

PROJECTS

College Event Management System (CEMS) ↗
Node.js, Express.js, MongoDB, React.js, JWT
- Developed a full-stack event management platform for college students and faculty.
- Implemented **secure authentication & role-based access control** (Admin/Student/Organizer).
- Designed MongoDB schemas and optimized database querying for faster event listing.
- Enabled users to create, manage, and register for events with real-time UI updates.

Note Taking App(Note Master) ↗
React.js,Javascript,Localstorage,Axios
- Developed a note management shment application enabling users to **create, edit, search, and delete** notes with a clean and responsive UI.
- Implemented **React state management** for efficient component rendering and seamless user interaction.
- Integrated **LocalStorage** for persistent data storage, ensuring notes remain saved even after browser refresh.
